Vice team conducted several noise meter checks on Friday and Saturday 3/19/20 – 3/20/21 on bars along the N St Mary's strip.

The Vice team spoke to the manager at The Amp Room and Midnight Swim due to them being in violation by 3-4 decibels on the noise meter machine.

Both managers apologized and reduced their music and were complying. The Vice team also contacted the Directive Patrol Unit that was working during both nights and they offered any assistance if they needed it.

No citations were written on both nights.

Made multiple passes up and down St Mary's and adjoining roadways, no police action was needed, there was very little activity. Monitored the intersection of Valdez and St Mary's where a popular taco truck is located. Advised a few patrons of the no parking zones. Almost all activity stopped once the rain came in.
